

YVCKC Project Manager Internship

If you're looking for a truly meaningful internship that fits your busy schedule, read on. We have multiple opportunities available to accommodate your interests, educational goals and availability.

OVERVIEW

Youth Volunteer Corps (YVC) is a national network of programs that offer 11-18 year olds the opportunity to improve their community through volunteering. The Kansas City program (YVCKC) is run by people with a passion for service and helping youth succeed. We mobilize Youth Volunteers from a variety of life situations into teams to complete meaningful service-learning projects across the Kansas City metro area which benefit dozens of community-based agencies and the youth themselves. Visit www.yvckc.org for more information and to read about the projects we offer.

Project Manager Interns help us plan and supervise these projects in the community. Depending on your options, you may supervise various Saturday service projects, ongoing after school projects, or work with at-risk youth at a shelter to engage them in service.
